

Safretti wins another prestigious Design Award for the fireplace Gaya!

In 2008 Safretti has already won the prestigious GOOD DESIGN™ Award for the fireplace Gaya and now we are very proud to announce that we have won another prestigious Design Award for this model: **the Design Award of the Federal Republic of Germany for 2010**, which is the highest official Design Award given in Germany!

The Design Award of the Federal Republic of Germany is awarded by the Federal Minister for Economics and Technology and organized by the German Design Council (Rat für Formgebung). It is not possible to submit an entry for the Design Award. Instead, products must be nominated either by the Ministries and Senators of the Federal States or by the Federal Ministry of Economics and Technology. Moreover, the products must already have won a national or international award. *Thus, the Design Award is known as the Prize of Prizes!*

Considering the above-mentioned it is quite an achievement to have won this important design prize.

The Award will be presented during the International Frankfurt Fair, the Ambiente, on 12 February 2010. To learn more about this prestigious award, please go to www.german-design-council.de and of course we will keep you informed of our latest developments on our website www.safretti.com!
